ACE-WIL BC/YUKON CO-OP STUDENT OF THE YEAR AWARDS GUIDELINES FOR NOMINATION MATERIALS FORM A

These guidelines are meant to assist institutions in choosing award nominees and preparing the nomination package. Packages that do not meet the guidelines may be removed from consideration. The committee is seeking well-rounded candidates who show evidence of achievement in all facets of co-operative education (Co-op).

NOMINATION FORM - INSTITUTION MEMBER

There are good reasons why you are choosing to nominate your student and we are interested in learning about them! By filling out the nomination form, we will learn your insights on the following factors:

- **How the 2022 Co-op experience impacted the student** – did they show evidence of learning through their work terms by producing topnotch assignments or making decisions based on their experiences (e.g., changing education plans, making new employment leads); have they shown an ability to articulate the relevance between their Co-op experience, their study, and their career goals; have they shown an improved ability to navigate job search or other aspects of the professional working world; did they show extraordinary commitment to participating in Co-op?
- **How the student impacted their educational institution** – How have they helped promote Co-op to peers or academic units; have they helped other students with Co-op issues like whether to participate or how to succeed; have they created new Co-op opportunities for themselves or others; have they used workplace learning or professional connections to enrich learning back on campus? Some examples include: students developing new Co-op opportunities, being a peer helper, volunteering at mock interview sessions, sharing their Co-op experience in institutional promotions or events, inviting a member from their partner organization to academic initiatives like a course discussion and connecting faculty researchers with industry researchers.

HOST ORGANIZATION/EMPLOYER SUPPORT FORM

The Awards Committee is also interested in the partner organization/employer perspective; how did the student impact their workplace/partner organization (in 2022 only) – did they achieve something extraordinary; were they chosen or invited to represent the organization on research or other public domains, did they show evidence of bringing the best of themselves and their academic programs?

Through this form, we are looking for the following factors:

- The student's duties/responsibilities in 2022;
- The student's impact to the organization – did they bring ideas from their academics?
- Outstanding work achievements (e.g., cost savings, process/quality improvements, design/development innovations, improved customer service, significant research or other initiatives etc.); and
- Extra duties or opportunities that were assigned because the student performed above expectations

**If the partner organization prefers, a letter (max. 2 pages on letterhead) may be submitted instead of the support form.*

The letter must include all information requested on the form, including the permission statement and a signature and date.

NOMINEE BIO

2. Students may also include up to 2 pages of additional items (Portfolio) they feel will give the selection committee a better idea of how co-operative education is important to them and how it has impacted them, their workplace (partner organization), and/or their school.
